FOREWORD

We have come to the realization Shakespeare reached when he said:

"All the world's a stage,
And all the men and women merely players;
They have their exits and their entrances;
And one man in his time plays many parts,
His acts being seven ages."

COLLEGE LIFE IS INDEED ONE OF THESE "SEVEN AGES"
. . . AND IN OUR HUMBLE WAY WE HAVE TRIED TO
PRESENT THE COLLEGE "ACT" IN AS INTERESTING
AND ENJOYABLE A MANNER AS POSSIBLE

IF AT ANY FUTURE DATE ONE ALUMNUS SHOULD PICK
UP A COPY OF THE 1949 AUCOLA, AND WHILE GLANC-
ING THROUGH ITS PAGES HAVE A PLEASING AND
REMINISCENT THOUGHT . . . THEN ALL OUR WORK
AND EFFORT WILL HAVE BEEN WORTHWHILE.

COLLEGE OF HISTORY

DEDICATION

BOTH STAR PERFORMERS, ON THE STAGE AT THE AMERICAN UNIVERSITY, DR. SHENTON AND DR. BAILEY HAVE COMMANDED THE RESPECT AND ADMIRATION OF THE STUDENT

DR. WALTER F. SHENTON

Command Performance

AND FACULTY AUDIENCE IT IS TO THESE
TWO "OLD TROOPERS" THAT THE STAFF OF
THE 1949 AUCOLA RESPECTFULLY DEDICATES
THIS BOOK.

DR. NATHAN A. BAILEY

The Class of 1949 began its course immediately following a world conflict. It emerges now into a world struggling for peace. It has had the opportunity to watch and take part in this effort.

Your experiences should make you conscious of your obligations, not only to yourself, but to your fellow citizens throughout the world.

The American University expects of you the leadership which is necessary to make our nation discharge its high purpose in this world order and may you carry forth the pioneer spirit of a "49er" in the efforts being made to establish a peaceful world community.

PAUL F. DOUGLASS, President

DEANS

The class of 1947 graduates from college in a year of stupendous uncertainty it is our hope that the future belongs not to the rigid absolutes of authoritarianism but to democracy, to a growing, dynamic faith which is perpetually evolving adjustment between individual rights and the demands of society. Democracy is not a finished product; we are building it by establishing the worth and dignity of individuals motivated by the developing idea of freedom. Make your contribution daily, for it is only free men who dare to think and thus keep their souls alive.

JOHN E. BENTLEY
Dean, College of Arts and Sciences

A yearbook is a permanent reminder of "college days" and everything connected with those four years in higher learning. Its value increases as the years go by. May these words and pictures serve to sharpen your memories of days past and also challenge you to achieve your purpose in life in the present and the future.

EVELYN SKILLINGTON
Dean of Women

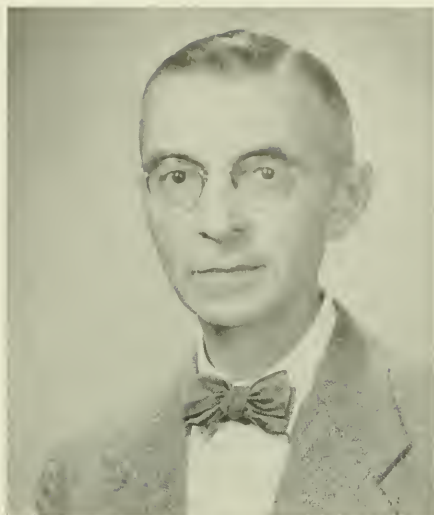

The Torch Bearers

May these pages inspire you to keep faith with your University in years to come, and may you regard their contents as a landmark in your life. The goal of all undergraduates should be the unification of The American University into a great institution.

ERNST POSNER

Director of the School of Social Sciences and Public Affairs.

You will always remember this teeming block between 19th and 20th Streets on F. Happy times, moments of contemplation and of dedication, flashes of insight, realizations of the power of knowledge and the trained mind—these you have experienced. The faculty you leave behind thanks you for renewed faith in the eternal potentialities of youth and the future . . . A good commencement!

AUSTIN VAN DER SLICE

Dean of the Undergraduate Division

Farewell and best wishes to the Class of '49. You couldn't want a more interesting, exciting, and demanding world in which to try your hand. There is much to be gotten from it, and a wonderful chance to add your own particular contribution to human destiny.

PITMAN B. POTTER

Dean of the Graduate Division.

ADMINISTRATION

It takes a lot to make a university a working organization. Without an administration no university could continue. Without the A. U. administration this school could not operate. Their functions are varied—admission, bursar, registrar, infirmary, cafeteria—and on and on. Their jobs hold no glamour—just difficult detailed work that enables the school to function as a working unit.

We the students of A. U. owe a lot to these hard workers as we realize that they are dealing with thousands of people and trying to do so in as competent a manner as possible. They attempt to take each person's case up individually and give it careful consideration. They are the key to both the CAS and the SSSPA, for without them there could be no such things. We sincerely thank them for what they have done in the past and we shall strive to help them in the big job that they have in the future.

First Row: Mrs. Fox, Miss Maiden, Mrs. Sargent, Miss Erlund, Mrs. Elliot, Mrs. Huey, Miss Elam.
Second Row: Mrs. Faundrich, Mrs. Ross, Mrs. Thomas, Miss Allison, Mrs. Green, Mrs. Sadler. Third
Row: Miss Scrimshaw, Mrs. Cheatham, Mrs. Kerr, Mrs. Neenan, Mrs. Dobihal, Miss Hopson, Mrs.
Davison. Fourth Row: Mr. Zickefoose, Mr. Rice, Mr. Farquharson, Dr. Weitzman.

No Time for Comedy

Alice Pagan and Doris Murphy talk over things in the Undergraduate Dean's office.

Mrs. Roberts, Secretary of the SSSPA, pauses from her work in Dr. Posner's office.

Messrs. Rabbitt and Byham looking over important papers in the Admissions office.

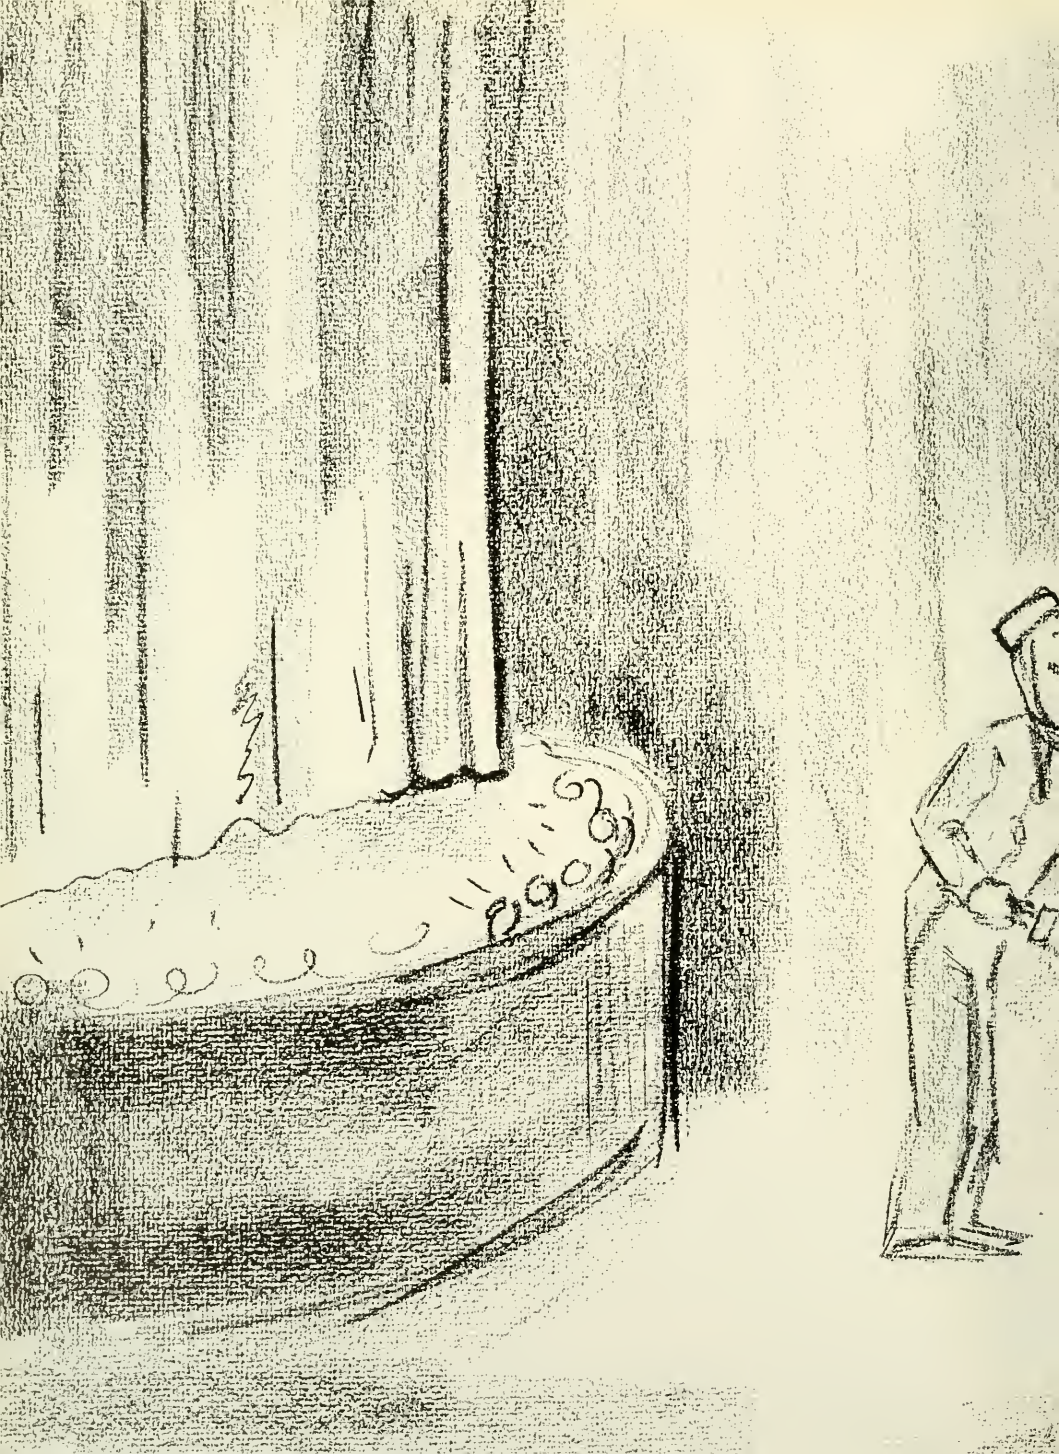

Mrs. Smith standing by at the central location of SSSPA.

The busy Registrar's office . . . no end to the work to be done.

SENIORS

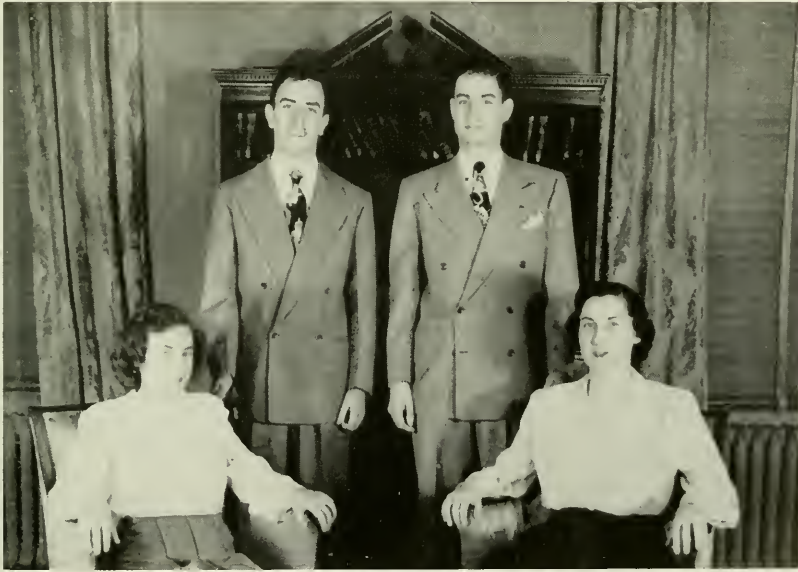

Back in September of '45 a girls' seminary flourished on the heights overlooking Washington . . . Three men wandered apprehensively among the wistful women . . . Quiet reigned along the Potomac except for moments of duress during hazing . . . February of '46 brought vets, long, long cafeteria lines, housing problems and fun! . . . Loft and rendezvous became the center of intellectual revolt and all sorts of "social planning" . . . Nature study in the Grotto . . . First Annual produced 'mid student laughter . . . Lawns sacrificed to vets' sheds . . . Leonard Student Center becomes part of A.U. . . . "How accelerated can you get?" . . . As Juniors we conducted ourselves with upperclass decorum . . . Senior year, and suddenly we discovered eight more hours of humanities to be charted! . . . As June approached we twitched quietly at the prospect of Life Today and dreamed of mythical banana boats to South America . . . Chafed under the lack of respect exhibited by underclassmen . . . All of which is a complicated way of heralding to the world that one more normal class is striding forth exuberantly . . . The solemn dignity of Senior Chapel made us conscious that college days are already memories . . . memories we treasure.

SENIORS

SSSPA students totaled up credits . . . did a little thinking . . . came up with an idea . . . Graduating class organized for the first time . . . Seniors packed meeting room . . . Much surprise registered at seeing fellow students . . . "Are you a senior?" Election of officers . . . Plan projected for social affairs . . . Serious 1901'ers seeking frivolity . . . Like any pioneer movement they met obstacles . . . Like pioneers they overcome them . . . In May they will trade coonskin caps for mortarboards!

JUNIORS

Having successfully overcome the first two years of college, the Class of 1950 entered the tranquillity of the Junior year . . . Unharried by freshman cares . . . Undisturbed by Sophomore hazing . . . Unhampered by Senior dignity . . . Secure in the knowledge that we are our own masters . . . We know the seniors too well to respect them! . . . At least a few profs know our names . . . The shock of having a summer acquaintance ask, "And when did you graduate from high school?" . . . Our class well organized and full of big plans . . . Junior Prom the smash event of the Spring Calendar . . . The awful regularity of exams . . . June and the realization that we've grown into the Senior's black robes . . . A little sad, a little glad to leave our junior league.

SOPHOMORES

Does your ego feel different lately? Yes! shouted the Sophs as they descended on A.U. in September . . . The first days of orientation we smiled falsely at the innocent Fresh . . . Hazing brought diabolical grins to our faces . . . "But they were much tougher on us" . . . Return from Christmas vacation with "you go to college to study" ringing in your ears . . . Sophs monopolize the library for many minutes . . . then to recuperate—monopolize the Coffee Shop for many hours . . . Exams and resolutions pass . . . Sophomore Banquet for the Basketball Team—a big hit . . . All of us beginning to feel at home . . . "But the year went so quickly" was the anguished cry . . . A gloss of sophistication . . . A lot of fun . . . Plan for two more wonderful years.

FRESHMEN

We're the Class of '52 . . . and proud of every minute we've spent at A.U. . . . Green as we were, we soon became even more colorful in our dinks of orange and blue . . . We existed through the grueling week of Sophomore torture . . . And even made plans for a Freshman Campus Day and picnic for the Sophs . . . Enjoyed a good laugh when an English prof uncovered a choice definition of our rivals—wise fool! . . . The brighter side of the first few weeks was highlighted by mixers, parties, meetings . . . Prosaic part began with entrance exams followed by introduction to classes . . . Term papers and finals . . . Annual Snowball a red-letter evening with a pretty queen and six attendants . . . Discovery of favorite University sport—bridge! . . . This has been a year of worrying about exams . . . cheering at games . . . Learning to know A.U.ites . . . Now thoroughly acclimated and conditioned . . . We look forward to orienting the Class of '53.

COUNCIL ON THE ORGANIZATION

The Conference on the Organization of Student Affairs, familiarly known as COSA, is the group working to further the interests of the student body of the School of Social Sciences and Public Affairs.

COSA was formed in the Fall Semester of 1947 by a consolidation of two groups, one headed by Miss Harlee, the other by Ed Comstock, Bert Adams, and Everett Stille. As a result of this consolidation plans were drawn up and presented to Dr. Douglass for approval. The approved plans called for a group of fourteen students and seven faculty members to study and make recommendations for student organization.

It was finally decided that the most practical method of studying student body needs was through the use of a questionnaire. COSA began devising a questionnaire which evolved from three questions into a two-page analysis of student sentiment.

The questionnaire in its final form was distributed to the students in the Spring

Planning the big spring dance.

of 1948 and its results, along with recommendations, were submitted to the faculty. It was through the efforts of COSA during the Spring of 1948 that the SSSPA was first represented in the AUCOLA.

At the start of the Fall Semester 1948, COSA was reorganized on a sub-committee basis to further facilitate its work. At the same time it was decided that the body's main effort would be directed toward writing a constitution which would include the results of the questionnaire.

For the first time in the history of the SSSPA a semi-formal Spring Ball was sponsored by COSA. It was held at the Carlton Hotel on May 6. From all appearances it turned out to be a huge success.

In its short history COSA has not been without its problems, but the small group has been able to overcome these problems always keeping in mind that the end results strived for all have been worth the hard work and long hours required to fulfill its appointed task.

SPEECH CLUB

Tonight at 8:30

The American University Speech Club was organized to further the general student interest in speech activities and allied arts. The club was organized in 1946 and has counted among its activities since then aid and support to all school activities in general; and particularly to the A.U.-Oxford University Debate; production of "Charley's Aunt" in the Spring of 1948; theatre parties; special event gatherings; political discussions; annual Christmas party; special lecture by faculty member; and organized cooperation with the Radio and TV Workshop. In connection with the Workshop it produced for the 1948 National Convention of the Speech Association of America a telecast performance of Gordon Bligh's "In Cold Blood" . . . This year "The Hasty Heart," given in April, was a great success.

"You're on the air."

The Radio Work Shop is a new project which was started in the downtown school of American University. The program was officially inaugurated on November 1, 1948, and a charter drawn up and provisionally approved.

The project is open to the entire student body. For entrance, the Work Shop requires the student's participation in the field of radio, either by major or by supplementary courses, or by actual experience. The organization attempts to build interest and give additional opportunity for knowledge and perfection to those who are tyros in this specialized work.

The aim of the Radio Work Shop is to provide an outlet for students who are interested in this field. It gives them an opportunity to apply the factual knowledge of the classroom in the studio. Organization on a competitive basis stimulates a higher quality of performance. This is a young group, the standards and ideals are high, the members are hard workers.

The American University Debaters, under the guidance of Mr. Gordon Brigham, have met with many outstanding schools. The National College Question under discussion was—Resolved: That the Federal Government should adopt a policy of equalizing educational opportunity in tax supported schools by means of annual grants.

Met on the home grounds of A.U. were Swarthmore, Randolph Macon, North Carolina, Delaware, Howard, Virginia, Richmond, Rutgers, Seton Hall, Drew, Gettysburg, and Georgetown.

The team piled into "prof" Brigham's chariot for debate trips to Annapolis, Randolph Macon and Washington College. The high point of the year was the Grand Forensic Tournament at Mary Washington College in Fredericksburg, Virginia.

From this Varsity team is drawn the membership of Delta Sigma Rho, honorary debate fraternity.

The Society for the Advancement of Management is the recognized professional society of management in industry, commerce, government, and education. The present chapter at an American University was organized in the Fall of 1946 by a handful of students and was chartered as a student chapter in January of 1947. Since that time its membership has grown to remain consistently above 100 members, making it among the five largest student chapters in the country, the largest organization in the University, and the most active chapter of the four in this area.

The organization structure is truly a democratic one in which an attempt is made to give every man an equal voice and an equal share of responsibility. The

"and furthermore gentlemen" . . . heard at the February dinner.

Down to serious business . . . on SAM meeting.

OF MANAGEMENT

You Can't Take it With You

executive board composed of ten members concerns itself with the planning, promotion, and the approval of all programs and policies which the officers and committees carry out. These programs include speakers; forum discussions at which prominent business men are invited to attend and participate; and round tables on technical management subjects and social affairs. A personnel placement service for S.A.M. members is not the least of the present program. A further aid to the students are the national publications of the society and the quarterly. S.A.M. chapters are located in all the major industrial centers throughout this country and in Canada, in addition to having international affiliations. S.A.M. chapters are well regarded for their contributions to their community and industrial development.

By way of recognition of its own outstanding leaders, the student chapter makes two yearly awards which are presented at an annual banquet. The recipients are judged on the basis of attendance, leadership, character, scholastic achievement, and consistency.

The Victors

The centers battle for the ball during the University of Baltimore game.

Athletics are an important phase of life at The American University. The stage is first set with Homecoming in the Fall when the basketball team (pictured here) makes its debut. Following right along is the J.V. team. Other varsity sports include Swimming, Boxing, Tennis, Track, and Baseball. Not to be overlooked are the feminine counterparts as they demonstrate their sportswomanship on the basketball court, in the hockey field, baseball diamond, and also the pool. The perfect ending, however, was when the Baseball Team brought down the curtain by winning the Mason-Dixon Conference.

JUNIOR VARSITY BASKETBALL

Man and Superman

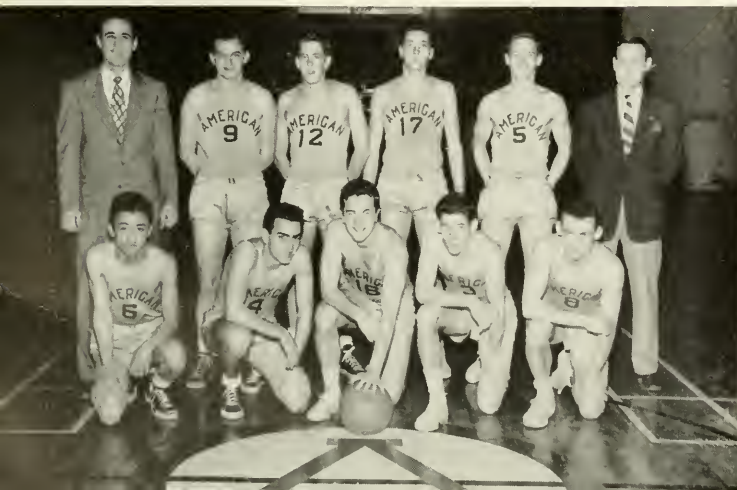

A. U.'s J.V. quintet closed their season with a rather good record of 16 in the win column and 6 on the other side. Under the coaching of Dutch Schultz, these cagers who went on the floor before the Varsity totaled 1000 points all season to average about 45 per game. . . . compare this with a total of 867 scored by the opposition.

Billy Patton was the team's sharp shooter with 156 points. Close on Patton's heels were Dick Hite with 140, Don Essex with 133, and Si Balchum with 90. In average points made per game Billy Patton also led with 8.6 followed by Dohner's 6.8 and Hite's 6.4.

Statistics do not always tell the complete story of the caliber of the play displayed by any team. For instance, the J.V. squad played their best brand of ball against the stronger teams and yet when confronted with easy competition they had a hard time locating the basket. They are to be congratulated for putting forth their best efforts at all times and turning in a good record.

SWIMMING

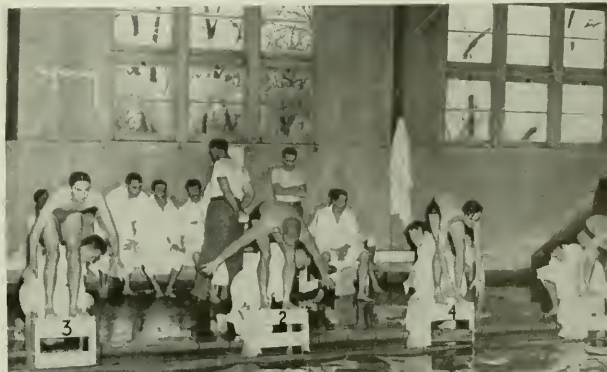

Bert Courage is to be commended very highly for his coaching of American's tank team which garnered second place in the finals of the Mason-Dixon Conference; in fact they lost only one dual meet during the year and this was a one-point defeat by Loyola College, the conference champion.

In his third year of collegiate eligibility, John Briggs turned in another of his dependable performances by clipping 2.5 seconds from the 150 yard backstroke record. His official time for the event now stands at 149.5 seconds.

Carrying their team's colors in the water were: Freestyle—Dan Goodspeed, Larry LaFever, Art Butler, Charles Peters, and Roy Sages; Breaststroke—

Tony Inglis, Jim Patten, and Bob Teeters; Backstroke—John Briggs, Phil Dixon, and Charles Peters; Freestyle—Carleton Tinkham, Haywood McMullen, and Gus Culberson. Jay Lent, a newcomer, climaxed a very successful diving season by winning his event in the Conference Meet. Ted Hines also gathered points for his diving talents.

Catholic University, George Washington, Randolph Macon, Dickinson College, Johns Hopkins, and Roanoke fell victim to A. U.'s mermen and Loyola was the only team that had the distinction of defeating our record. Since the entire team will return next year, an even greater group should be around to win for old A. U. in the water.

The Second Round

BOXING

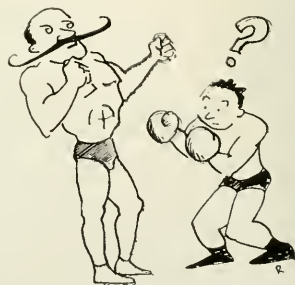

Boxing is now a major sport at American and rightfully so after the past two seasons. The secret behind their success is perhaps Bert Courage's ability to convey both the techniques and spirit to his prospects, many of whom have never donned gloves prior to their college days. "Battling Bishop" Jim Duley represented the team in the 125 lb. division while Howie Leavitt was in the 130 lb. class. Henry Schaffer was in the 135 lb., Jim Schnitzer in 145, Stan Grogan in the 155 and Don Cheeseman in the 165 class. Paul Wylie boxed the 175 and Paul Hubbard was fighting in the heavy-weight division. Jack Galomb was also a squad member.

Grogan began a sensational season by knocking

out all comers, but soon he found himself boxing top competition. Don Cheeseman was the only boxer for A.U. to remain undefeated in all his bouts.

Injuries during midseason caused the squad to forfeit bouts which resulted in defeats by CCNY, Poutaxent, and Georgetown, while holding Western Maryland to a tie, and defeating South Carolina Teacher's College.

Bill Willis did a remarkable job as manager and was appreciated by all those concerned. Each year brings forth improvement in our boxing team and the students are showing their ever-increasing interest in the sport and their appreciation by their attendance and support.

Constant workouts in the ring and practice bouts help to keep squad members in top shape.

TRACK

COACH
JOE CARLO

During the month of February A.U.'s trackmen began their pre-season exercises in order to be properly conditioned for their first meet which was run off against Galludett on April 2

Steve Dalsheim, Henry Schaffer, and Morty Willicuts represented the squad in the mile and long distance events, while Johnny Koutsondreas competed in the hurdles. Both Vic Penso and Eric Peacher were the dashmen in addition to their participation in the brood-jump. Paul Winnings, Roy Mullen, and Dick Hall gave noteworthy exhibitions.

Even though American has a much smaller squad in comparison to the teams of other years, these cinder men had a rather successful season against top-notch competition.

After a somewhat uncertain start, our tennis netmen recovered and went through their top-notch schedule displaying the college brand of ball of which they are capable. Their season began with two most difficult opponents, Cornell and Colgate, on successive days in March. A heavy schedule carried them through until May 21 when they played Johns Hopkins.

Seeded in the No. 1 position for the third straight year was Ted Rubin, winner of many Eastern Regional and sectional awards by the A. A. U. Korchico Kondo and Fred Bunke were two new members who won for themselves a berth while Bob Wilder-

muth, Dick Hite, and Glen Border all have swished their talents in previous years for American University.

Rounding out the squad was Buz Bear, Bill Ogram, Dick Brown, Jim Cretsos, Lloyd Brooks, and Steve Martin. While not always on the winning end of each match, A.U.'s representatives on the tennis courts have been consistent in their efforts and deserve credit plus for their steady playing. Credit should go to Coach Schulze and Manager Jack Woods for their part in the performance of the team.

Coach Staff Cassell was very pleased and optimistic at the beginning of American's 20 game baseball schedule. The Eagles opened against Wesleyan U. of Middletown Conn. on March 28 and had most of last year's dependable players back, plus the best crop of newcomers in years.

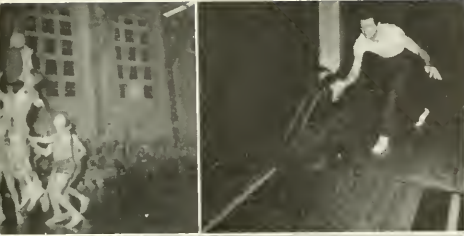

Joe Hossick, third sacker on the Star's All-District team last year and this year's captain, Bob Lamon, the catcher who was scouted by four major league teams, and hurlers Dick Taylor and Johnny MacLachlan were among the vets.

George Glorius, Packy Morris, and Jim Robinson were newcomers on the pitching staff, and five basketball players; Jacky Neer, John Wakefield, Leroy Ishman, Art Morales, and Ed Moffatt added considerable strength to the club.

Hustle and spirit were the by-words of the diamond boys this year who were a vastly improved baseball nine as they completed one of their most successful seasons in many years.

The "A" Club (A for Amazon) of American University is the women's athletic association. It stimulates an interest in the healthier things in life by making available recreational opportunities for all types of sportswomen . . . from gals like "Stretch" Altng to gals like "Chubby" Peoples.

It is through the medium of the "A" Club that the outside women's sports world is shown to our athletic wonders in hockey, archery, swimming, badminton, basketball, bowling, table tennis, softball and tennis. The variety of sports offered on the athletic association's program opens the fields

of interest to every girl, tall or short, thin or not-so-thin.

The "A" Club offers the best in opportunities for good leadership and cooperative fellowship. A.U. girls work long and hard to win the points necessary for admittance into its muscular ranks. The athletic program does not emphasize the competitive spirit but rather a spirit of fun and an appreciation of the ideals of sportswomanship.

At least once during the year the girls exchange their gym suits for dresses at the annual "A" Club Banquet . . . a little social life mixed in with the athletics.

TO THOSE

HONORARIES

The Shining Hour

Election to an Honorary Fraternity is truly one of the greatest distinctions of a college career. It is the recognition for an individual of time well spent, both in study and in campus life. In short it is a tribute to his outstanding work and particular achievement.

First Row: M. Jaudon, B. Huey, E. Dobihal, M. Frank, P. Peoples. Second Row: E. Comstock, C. Haglund, L. Graham, F. Hamilton, B. Hoak, J. Benfer.

Who's Who Among Students in American Universities and Colleges sprang from the idea of creating one national basis of recognition for students, devoid of initiation fees and dues. Time has proved that this group functions in several vital capacities — as an incentive for students to get the best results from college experience, as a compensation for achievements, as a standard of measurement for students comparable to other recognized school and service organizations, and as a recommendation in the business world. Selection is based on character, scholarship, leadership, and potentialities for future usefulness to society.

EMPLOYMENT

and

PROMOTION

Save time, save money, and begin a career earlier by attending STRAYER. An ideal success formula is—Strayer training plus Strayer Employment Service.

Evidence that you are qualified: The B.C.S. or M.C.S. degree from Strayer College of Accountancy, or the approved Secretarial diploma from Strayer College of Secretarial Training.

Write for catalog or call in person for information, guidance, or registration.

COMMENCEMENT

of Vacation and Career—

You'll want to feel your best by looking your best . . . in gay tie-silk prints, bolero-jacketed dresses and suits, or soft bouffant gowns of tulle and net . . .

Or in well-tailored slacks, sport coats and suits of diagonals, plaids or solid colored flannels which are always the favored choices of the impeccably dressed man.

Come in soon to see us and choose from our ever-new collections throughout our friendly store.
